May 29, 2013

Dear Patient,

I hope this letter finds you and your family in good health. I am writing to inform you of an upcoming change in my practice location.

I have relocated my practice from ARC Far West Medical Tower to **ARC Far West**, conveniently located adjacent to ARC Far West Medical Tower.

I am now seeing patients at ARC Far West and you may call the clinic at **512-346-6611** to schedule an appointment with me. As a reminder, I see patients by referral only.

It is my sincere hope that you will continue under my care at ARC Far West. However, if ARC Far West is no longer a convenient location for you, you may transfer your care to my Gastroenterology Consultations partner, Rajesh M. Mehta, MD who also provides gastroenterology services at both ARC Southwest as well as ARC South 1st Specialty.

Your medical records will remain at the ARC office where you had your last visit with me. For your convenience, we will transfer your medical records to ARC Far West when you schedule your appointment with me.

I apologize for any inconvenience this may cause. Thank you for placing your trust in me and allowing me to be your physician.

Sincerely,

Thomas S. McHorse, MD
Gastroenterology Department
ARC Far West

We're Here When You Need Us

Same-Day Appointments

At ARC we make sure you are seen when you need to be seen. When you need a physician, there may be times when your physician cannot see you personally. When that happens, you can see another physician at your doctor's office or at another ARC location.

Daytime Urgent Care

If you need to be seen and your physician is not available, please feel free to call and book an appointment at one of our Urgent Care Centers. Our Urgent Care Centers are also perfect for out-of-town guests who may need to see a doctor.

You do not need to be an established patient to see an Urgent Care physician. It is always a good idea to call ahead and make an appointment—even in your car on the way to the clinic.

After Hours

If you are not feeling well in the evening, on a weekend or during a holiday, call the After Hours Clinic for advice or for an appointment.

You do not need to be an established patient to see an After Hours physician. Please call ahead and make an appointment to minimize your waiting time when you arrive.

All-Night Phone Nurse

If you are an ARC patient and you need advice in the middle of night because you are not feeling well, call 512-346–6611.

Our All-night Phone Nurse can give you advice, call an on-call physician, or make an appointment for you to be seen the next morning.

Online Appointment Requests

You can request appointments by visiting our website at www.AustinRegionalClinic.com.

We encourage you to use the online appointment requests any time day or night!
