June 28, 2013

Dear Patient:

I hope this letter finds you and your family in good health. I am writing to inform you that I have made the decision to leave my current practice with Austin Regional Clinic Hutto in order to relocate to Dallas, Texas with my family. My last day at ARC will be **August 15, 2013**.

If you are receiving this letter and you are not a regular patient of mine, please disregard. Your care at Austin Regional Clinic will not change.

At ARC we pride ourselves on supporting our partners and taking care of each other's patients. I have complete trust and confidence that my colleague will continue to give your child excellent care and is more than happy to welcome you to her practice:

ARC Hutto
Pediatric Physician

- Angelle Marie Ferrell, MD

Please visit www.AustinRegionalClinic.com for a full list of physicians available at ARC Hutto.

If you are a member of an insurance plan that requires you to select a primary care provider (PCP), please contact your plan to notify them who you choose, so your health care is not interrupted.

Please call ARC Hutto at **512-846-1244** to schedule an appointment with another ARC healthcare team member at this location. If you would like to know more about ARC physicians at our other ARC locations, please call the ARC Information and Referral line at 512-272-4636 or visit www.AustinRegionalClinic.com.

Caring for your family has been extremely rewarding for me and I am honored to have been a part of your health care. I have truly enjoyed getting to know you and your family. Thank you for allowing me to be a part of your life.

Sincerely,

Baig

Nazia Baig, MD

We're Here When You Need Us

Same-Day Appointments

At ARC we make sure you are seen when you need to be seen. When you need a physician, there may be times when your physician cannot see you personally. When that happens, you can see another physician at your doctor's office or at another ARC location.

Daytime Urgent Care

If you need to be seen and your physician is not available, please feel free to call and book an appointment at one of our Urgent Care Centers. Our Urgent Care Centers are also perfect for out-of-town guests who may need to see a doctor.

You do not need to be an established patient to see an Urgent Care physician. It is always a good idea to call ahead and make an appointment—even in your car on the way to the clinic.

After Hours

If you are not feeling well in the evening, on a weekend or during a holiday, call the After Hours Clinic for advice or for an appointment.

You do not need to be an established patient to see an After Hours physician. Please call ahead and make an appointment to minimize your waiting time when you arrive.

All-Night Phone Nurse

If you are an ARC patient and you need advice in the middle of night because you are not feeling well, call 512–346–6611.

Our All-night Phone Nurse can give you advice, call an on-call physician, or make an appointment for you to be seen the next morning.

Online Appointment Requests

You can request appointments by visiting our website at www.AustinRegionalClinic.com.

We encourage you to use the online appointment requests any time day or night!
