Dear Patient:

I hope this letter finds you and your family happy and healthy. I am writing to inform you that after 27 years of practicing Family Medicine at Austin Regional Clinic, I am leaving my practice to pursue a new and exciting chapter of my life and my profession. I will be practicing rural emergency care medicine in the Austin area and my home state, Nebraska. I will continue to practice in underserved countries.

My last day seeing patients will be November 1, 2013.

If you are not one of my patients, please disregard this letter. Your care at ARC will not change.

I encourage you to select a new doctor before my departure so that I can help transition your care to the new doctor of your choosing. It is very important to me as well as to ARC that you maintain continuous medical care. I have complete trust and confidence that my ARC Family Medicine and Internal Medicine colleagues will continue to give you excellent care. An early transition will allow this to occur seamlessly. I highly recommend the following dedicated ARC providers listed below:

- Gretchen L. Crook, MD
- Joseph C. Elizondo, MD
- Olufunke E. Ezekoye, MD
- Gerald T. Fincken, DO
- Derrick J. Garcia, MD
- James M. Hull, MD
- Janet N. Jewell, MD
- Steven Z. Powell, MD
- John A. Queng, MD
- David R. Woerner, MD

If you are a member of an insurance plan that requires you to select a primary care provider (PCP), please contact your plan to notify them who you choose, so your health care is not interrupted.

Please call ARC Far West at **512-346-6611** to schedule an appointment before October 19 with another ARC physician. If you would like to know more about our physicians at other ARC locations, please call our ARC Information and Referral line at 512-272-4636 or visit **www.AustinRegionalClinic.com**.

I am leaving with profound gratitude to you for the privilege of having cared for you over the years. Thank you for allowing me to be part of your life and your health care.

Sincerely,

A handwritten signature in black ink, appearing to read "Bob Meyerson".

Robert Y. Meyerson, MD
