

If you suffer from health issues of the head and neck, including the ears, nose, throat, sinuses, and voice box, you might consider seeing an Ear, Nose, and Throat (ENT) specialist. ENT physicians diagnose, manage, and treat these disorders in children and adults. We are dedicated to providing the most up-to-date diagnostic and treatment options available. For your convenience, we make **access to ENT care** easy with appointments available at multiple locations.

Conditions Treated

- Ear, nose, and throat problems for adults and children

Services Offered

- Adenoidectomy
- Ear surgery
- Ear ventilation tubes
- Frenulum clipping
- Head and neck surgery including thyroid and salivary gland procedures
- Nasal, septal, and sinus surgery
- Otology
- Sinus care
- Sleep apnea work up and treatment
- Tonsillectomy and adenoidectomy
