

July 11, 2022

Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After careful consideration, my family and I have decided to move back to California. This comes with mixed emotions since ARC quickly became my professional home.

- **Wednesday, August 31, 2022 will be my last day seeing patients at Austin Regional Clinic.**

Please disregard this letter if you are not a regular patient of mine. Your care at ARC will not change.

It is very important to me as well as ARC that you maintain continuous health care. Please be assured that ARC’s providers will be available to treat you as needed. ARC’s electronic medical record system allows your medical records to be accessed from any ARC location, and ensures that all of my notes and all your medical records will be available for your care.

At ARC it is our standard that we support our partners and take care of each other’s patients. My colleagues will be more than happy to see you for your specific lower back and spine issues and take excellent care of your health at any of the ARC locations listed below:
