Accepting New & Established Patients

Jacqueline M. Champlain, MD

Family Medicine

"I chose a career in medicine because I wanted to combine my love of science with direct patient care, patient education, and have a relationship with each and every one of my patients. Being a family doctor is so incredibly special, and it is an honor to be part of the lives of my patients and families. I like to work as a partner with my patients in their health, and collaborate with them to live healthier, happier, longer lives."

Jacques Benun, MD

Pediatrics

"I was inspired to be a doctor when, at 6 years old, I had a routine surgery, and the doctors who took care of me made a strong impression on me. I love working with children, and I believe that "less is better." I focus on educating parents about how to take care of their children's health."

Farron C. Hunt, MD, FAAFP

Family Medicine

"I love taking care of all patients and treating the family. I love really getting to know my patients and helping them stay healthy and lead their best healthy life. In my practice, I provide up-to-date comprehensive care and listen to and support my patients' concerns, while focusing on patient safety."
