Dear Patient,

I hope this letter finds you and your family in good health. I am writing to inform you of an upcoming change which may affect your health care. After careful consideration and for personal reasons, I have decided to transition my career outside of Austin Regional Clinic.

Friday, March 11, 2022 will be my last day seeing patients at ARC Medical Plaza Specialty.

Please disregard this letter if you are not a regular patient of mine. Your care at ARC will not change.

It is very important to me as well as Austin Regional Clinic that you maintain continuous health care. Please be assured that my fellow General Surgery doctors and all the doctors at Austin Regional Clinic will be available to treat you as needed. ARC’s electronic medical record system allows medical records to be accessed from any ARC location, and ensures that all of my notes and all your medical records will be available for your care.

I have complete trust that my colleagues are more than happy to welcome you to their practice and will take excellent care of your health. I recommend the following General Surgeons at **ARC Medical Plaza Specialty and surrounding clinics:**
