

March 30, 2022

Dear Parent or Guardian,

I hope this letter finds you and your family in good health. After careful consideration, I have decided to transition my career outside of Austin Regional Clinic, as I will be moving out of state with my family.

Friday, May 13, 2022 will be my last day seeing patients at ARC Far West.

Our records indicate that your child had a same-day visit with me sometime in the last two years. Per Texas Medical Board rules, I am required to inform you of my departure.

Your child’s regular doctor and care at Austin Regional Clinic will not change and their records remain a part of our electronic medical record system.

I am truly grateful to you for entrusting me with your child’s health and allowing me to be their doctor.

Sincerely,

Molly M. Diaz Kane MD, MPH, MA
