

You Speak. We Listen.

We want our patients to be healthy and happy, which is why we conduct patient satisfaction surveys year after year.

You may be selected to complete a patient satisfaction survey about your visit experience at ARC today.

Our survey partner, Management and Technology Consultants, may contact you by phone within the next few weeks to complete a brief 1-2 minute survey. Your honest feedback is used for quality improvement purposes and helps us to improve your experience and care. Your personal information and survey responses will be kept confidential in compliance with HIPAA.
