

May 5, 2022

Dear Patient,

I hope this letter finds you in good health. I'm writing to inform you that after much thought and consideration, I have decided to relocate to California to be closer to family. This move comes with mixed emotions as Austin Regional Clinic has been my professional home for the past 32 years and I have built enduring relationships with patients and colleagues.

Friday, May 27, 2022 will be my last day seeing patients at Austin Regional Clinic.

Our records indicate that you had a visit with me sometime in the last two years. Per Texas Medical Board rules, I am required to inform you of my departure.

Your regular doctor and care at Austin Regional Clinic will not change and your records remain a part of our electronic medical record system.

I am truly grateful to you for entrusting me with your health and allowing me to be your doctor. I wish you all the best in the future.

Sincerely,

Robert Y. Meyerson, MD
