Accepting New & Established Patients

Sarat C. Burri, MD

Board Certified in Family Medicine

"I believe in a holistic approach to patient care – treating a patient as a whole person, including their physical, mental, and emotional health, and considering the family as well. I believe in building a relationship with my patients and their families through creating trust and understanding their concerns."

Andrew M. Walters, MD

Board Certified in Family Medicine

"I practice Family Medicine because every day in clinic I get to meet new people from all over the world. I get to hear their stories, meet their families, and help them heal. In some cases, I get to see them again and again, building trust and respect while forming meaningful relationships. To me, there is nothing more rewarding. My practice philosophy is best summarized in the words of William Osler: 'It is much more important to know what sort of patient has a disease than what sort of disease a patient has.'"

Thu T. Nguyen, MD

Board Certified in Pediatrics

"I believe it is a privilege to provide medical care for children. I strive to provide excellent, individualized care to each of my patients, in partnership with their parents."
