Krupaben C. Patel, MD

Family Medicine

Fluent in Gujarati & Hindi

"I chose Family Medicine because it is the only specialty where I can connect with the whole family and with a wide variety of issues. I practice by listening to my patients, their stories, and then devise an individualized care plan. I encourage patients to be involved in their care and understand what works for them."

Lan Anh Van-Dinh, MD

Pediatrics

Fluent in Vietnamese, Japanese, Spanish & French

"My role as a pediatrician is to guide and empower my patients in making healthy decisions that will positively impact their long-term health outcomes as they transition into adulthood. I take an evidence-based, team approach in supporting children from all aspects of wellness, including physical, mental and social well-being."

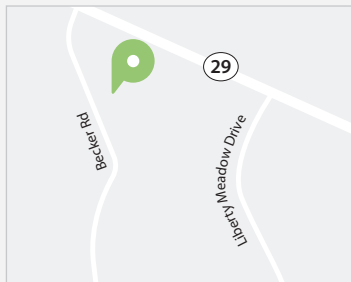

Elizabeth C.N. Winful-Acquaye, MD

Pediatrics

Fluent in Spanish, Fanti, Twi, Ga, Ga Dangbe

"My love for children was the driving force behind my choice of Pediatrics. Every smile and hug, every innocent glance from a child, every sick child made well is worth it! I also believe that every staff member, as part of a team/family, has unique strengths and needs that, when recognized and appreciated, foster unity in achieving our common goal of patient and staff satisfaction."
