Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After much thought and consideration, I have decided to transition my career outside of Austin Regional Clinic (ARC) to pursue other opportunities. This comes with mixed emotions since ARC quickly became my professional home.

- **Tuesday, June 30, 2026**, will be my last day seeing patients at ARC East 7th.

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as ARC that you maintain continuous health care. ARC’s electronic medical record system allows your records to be accessed from any ARC location and ensures that both my notes and your medical records will be available for your future care.

At ARC it is our standard that we support our partners and take care of each other’s patients. I have complete trust that my colleagues are more than happy to welcome you to their practice and will take excellent care of your health. I recommend the following physicians and advance practice clinics (APCs) at these **ARC locations**:

ARC East 7th

- Kyle R. Toth, MD
- Isha Mittal, MD – *Starting Oct 2026*
- David Gomez, MD – *Starting Nov 2026*

ARC South 1st

- Michael T. Boone, DO
- Yezen A. Jarrar, MD
