

February 9, 2026

Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After much thought and consideration, I have decided to transition my career outside of Austin Regional Clinic (ARC) to pursue other career opportunities. ARC has been my professional home for many years and I will always cherish the relationships I built with my patients and my colleagues.

- **Monday, March 23, 2026, will be my last day seeing patients at ARC South Ob/Gyn.**

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as ARC that you maintain continuous health care. ARC's electronic medical record system allows your records to be accessed from any ARC location and ensures that both my notes and your medical records will be available for your future care.

At ARC it is our standard that we support our partners and take care of each other's patients. I have complete trust that my colleagues are more than happy to welcome you to their practice and will take excellent care of your health. **I recommend the following ob/gyn physicians and advanced practice clinicians (APCs) at ARC South Ob/Gyn:**

• Renu Chalasani, MD, MSCP (<i>Gyn only</i>)	• McKenna A. Williamson, DO	• Emily A. Nyman, APRN, FNP-C, MSCP
