

November 22, 2022

Dear Patient,

I hope this letter finds you and your family in good health. I am writing to inform you of an upcoming change which may affect your health care. After 35 years at Austin Regional Clinic, and with much thought and consideration, I have decided to retire from my regular practice at ARC Southwest and transition to helping my ARC colleagues with their practices, as needed.

- **Friday, December 30, 2022 will be my last day seeing patients at ARC Southwest.**

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as to ARC that you maintain continuous health care. For your convenience, ARC's electronic medical record system allows your medical records to be accessible from any ARC location and assures that all my notes and all your medical records will be available for your care.

At Austin Regional Clinic it is our standard that we support our partners and take care of each other's patients. I have complete trust that my colleagues are more than happy to welcome you to their practice and will take excellent care of your health. I recommend the following family medicine (FM) and internal medicine (IM) providers at **ARC Southwest, ARC South 1<sup>st</sup>, ARC Dripping Springs, and ARC Center Street:**

**ARC Southwest**
