

January 15, 2024

Dear Patient,

I hope this letter finds you and your family in good health. I am writing to inform you of a recent change which may affect your child’s health care. After much thought and consideration, I decided to transition from my regular practice at ARC Georgetown and am now working intermittently, as needed, to help my ARC colleagues.

- **Friday, December 29, 2023** was my last day seeing patients at ARC Georgetown.

Please disregard this letter if your child is not a regular patient of mine, their care at ARC will not change.

It is very important to me as well as ARC that your child maintains continuous health care. ARC’s electronic medical record system allows your child’s records to be accessed from any ARC location and ensures that both my notes and your child’s medical records will be available for their future care.

At ARC it is our standard that we support our partners and take care of each other’s patients. I have complete trust that my colleague, **Betsy M. Kadapuram, DO** will be more than happy to welcome your child to her practice and will take excellent care of your child’s health.

If your child’s health insurance plan requires that you inform them of a change in pediatrician, please contact the insurance company to notify them of who you choose so that their health care is not interrupted.

For your convenience, you can schedule an appointment for your child in the following ways:

- Schedule directly at **MyChartARC.com** if your child has an ARC MyChart account.
- Click **BOOK NOW** at **ARCpediatrics.com**.
- Call **512-ARC-INFO (512-272-4636)**, and press “1” to speak with a scheduler, anytime **24/7**.

If you would like any additional help choosing a new pediatrician, please call our referral line at **512-ARC-INFO (512-272-4636)** and press “6.” You can also read about all our pediatricians at **ARCpediatrics.com**.

I am truly grateful to you for entrusting me with your child’s health and allowing me to be their doctor.

Sincerely,

**Grace C. Averitt, DO**
