

April 4, 2023

Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After 36 years at Austin Regional Clinic, and with much thought and consideration, I have decided to retire from my regular practice at ARC Far West and transition to work intermittently to help my ARC colleagues, as needed.

- **Thursday, May 18, 2023** will be my last day seeing patients at ARC Far West. You can continue to message me on ARC MyChart through May 31.

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as to ARC that you maintain continuous health care. Austin Regional Clinic's electronic medical record system allows your medical records to be accessible from any ARC location and ensures that all my notes and all your medical records will be available for your future care.

At Austin Regional Clinic it is our standard that we support our partners and take care of each other's patients. I have complete trust that my colleagues will be more than happy to welcome you to their practice and take excellent care of your healthcare needs. **I recommend the following internal medicine (IM) and family medicine (FM) doctors at the following ARC locations:**
