

AUSTIN REGIONAL CLINIC

Accessible • Reliable • Convenient

June 1, 2026

Dear Patient or Guardian,

I hope this letter finds you and your family in good health. I am writing to inform you of an upcoming change which may affect your child’s health care. After much thought and consideration, I have decided to transition my career outside of Austin Regional Clinic (ARC) to pursue other career opportunities. This comes with mixed emotions since ARC quickly became my professional home.

- **Friday, June 26, 2026**, will be my last day seeing patients at ARC Far West.

Please disregard this letter if your child is not a regular patient of mine, their care at ARC will not change.

It is very important to me as well as ARC that your child maintains continuous health care. ARC’s electronic medical record system allows their records to be accessed from any ARC location and ensures that both my notes and your child’s medical records will be available for their future care.

At ARC it is our standard that we support our partners and take care of each other’s patients. I have complete trust that my colleagues are more than happy to welcome your child to their practice and will take excellent care of their health.

I recommend the following behavioral health pediatricians and advanced practice clinicians (APCs) at ARC Far West:

- James C. Anderson, IV, MD
- Sarah A. Givner, MD, MPH
- Sapna Shah, MD
- Grace Ann C. Nwosu, PA-C
- Ogheneyiruro O. Ugwu, PA-C

For your convenience, you can schedule an appointment for your child in the following ways:

- Schedule directly at **MyChartARC.com** if you have proxy access to your child’s ARC MyChart account.
- Call **512-ARC-INFO** (512-272-4636), and press “1” to speak with a scheduler, anytime 24/7.

If you would like any additional help choosing a new pediatrician or APC, please call our referral line at **512-ARC-INFO** (512-272-4636) and press “6,” or visit **Pediatrics.ARC.clinic** to read about all our pediatricians and APCs.

I am truly grateful to you for entrusting me with your child’s health.

Sincerely,

Rachael Bentley, PA-C

Rachael H. Bentley, PA-C
