

April 22, 2025

Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After much thought and careful consideration, I have decided to transition my career outside of Austin Regional Clinic (ARC). This comes with mixed emotions since ARC quickly became my professional home.

- **Thursday, May 29, 2025**, will be my last day seeing patients at **ARC Cedar Park Building B**.
- **Friday, May 30, 2025**, will be my last day seeing patients at **ARC Northwest Hills Specialty**.

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as ARC that you maintain continuous health care. ARC's electronic medical record system allows your records to be accessed from any ARC location and ensures that both my notes and your medical records will be available for your future care.

At ARC it is our standard that we support our partners and take care of each other's patients. I have complete trust that my colleagues are more than happy to see you for your cardiac needs and will take excellent care of your health.

I recommend the following cardiologists and advanced practice clinicians (APCs) at these ARC locations:

- James N. Black, MD, FACC
- Anthony C. Caruso, MD, FACC
- Ripa Chakravorty, MD
- Faiza Choudhry, DO
