

August 17, 2026

Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After 39 years as an obstetrician and gynecologist at Austin Regional Clinic, PA (ARC), I have decided to retire from my current practice of gynecological medicine. ARC has been my professional home for so many years and I will always cherish the relationships I have enjoyed with my patients and colleagues.

- **Thursday, September 17, 2026, will be my last day seeing patients at Austin Regional Clinic.**

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as ARC that you maintain continuous health care. ARC's electronic medical record system allows your records to be accessed from any ARC location and ensures that both my notes and your medical records will be available for your future care.

At ARC it is our standard that we support our partners and take care of each other's patients. I have complete trust that my colleagues are more than happy to accept you into their practice and will take excellent care of your health. **Starting September 21, 2026, Seton Northwest gynecology doctors will begin seeing patients at ARC Northwest Hills Specialty**, located at 6818 Austin Center Boulevard Suite 205 Austin, TX 78731. **I recommend the following gynecologists and obstetrics/gynecology doctors at these ARC locations:**
