Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After much thought and careful consideration, **Saulette R. Tillman, MD, FACC** has decided to transition her career outside of Austin Regional Clinic (ARC) to pursue other career opportunities.

- **Wednesday, October 15, 2025, will be Dr. Tillman's last day seeing patients at ARC Northwest Hills Specialty.**

Please disregard this letter if you are not a regular patient of hers, your care at ARC will not change.

It is very important to ARC that you maintain continuous health care. ARC's electronic medical record system allows your records to be accessed from any ARC location and ensures that both her notes and your medical records will be available for your future care.

At ARC it is our standard that we support our partners and take care of each other's patients. We have complete trust that Dr. Tillman's colleagues are more than happy to see you for your cardiac needs and will take excellent care of your health.
