Sandeep Badyal, MD

Family Medicine

"I chose Family Medicine as a specialty, as it is a complex field and allows me to take care of people of all ages and backgrounds, not limited to just one area of medicine. I believe in being patient-centric, striving to provide continuing medical care for my patients and building meaningful, long-lasting relationships with them."

Sarat C. Burri, MD

Family Medicine

"I believe in a holistic approach to patient care – treating a patient as a whole person, including their physical, mental, and emotional health, and considering the family as well. I believe in building a relationship with my patients and their families through creating trust and understanding their concerns."
