

June 6, 2026

Dear Patient,

We are writing to inform you of an upcoming change which may affect your health care. **If you are pregnant or planning to become pregnant, it may also affect your labor and delivery plans.**

Beginning this fall, we are relocating our ARC Seton Northwest obstetrics and gynecology (ob/gyn) practices to Cedar Park (ARC Medical Plaza Specialty) and South Austin (ARC South Ob/Gyn), and moving our gynecology-only practices to ARC Northwest Hills Specialty.

Ascension Seton Northwest will end all labor and delivery services after September 24, 2026. Please pay close attention to the dates below as you schedule your next appointment.

- **September 24, 2026** – last day of labor and delivery and gynecological surgeries at Ascension Seton Northwest
- **September 17, 2026** – last day gynecology-only doctors see patients at ARC Seton Northwest
- **October 1, 2026** – last day seeing ob/gyn patients at ARC Seton Northwest

We would be delighted to continue caring for you when we relocate. Our electronic medical record system ensures a seamless move since both our notes and your medical records are accessible from any ARC location.

Below are more details about each of our moves.

Accessible • Reliable • Convenient

We understand if there are factors that may require you to make changes. If you need to change your physician, we are available to help you establish care with any of our ob/gyn or gynecology colleagues at other ARC clinics. It is very important to us that your health care is not interrupted by this change and that you maintain continuous care.

If you would like additional help, please call **512-ARC-INFO** (512-272-4636) and press “6” to speak with a customer service representative.

We are truly grateful to you for entrusting us with your health.

Sincerely,
