

December 1, 2022

Dear Patient,

I hope this letter finds you in good health. I am writing to inform you of an upcoming change which may affect your health care. After much thought and careful consideration, I have decided to move to the Dallas/Fort Worth area to be closer to family. Leaving my practice at Austin Regional Clinic has not been an easy decision and I will always cherish the relationships I built with my patients and colleagues over the last 23 years.

- **Friday, December 30, 2022 will be my last day seeing patients at ARC Seton Northwest.**

Please disregard this letter if you are not a regular patient of mine, your care at ARC will not change.

It is very important to me as well as to ARC that you maintain continuous health care. ARC's electronic medical record system allows your medical records to be accessible from any ARC location and ensures that all my notes and all your medical records will be available for your future care. At Austin Regional Clinic it is our standard that we support our partners and take care of each other's patients. I have complete trust that my colleagues will be more than happy to see you for your obstetrics & gynecology (ob/gyn) needs and take excellent care of your health. **I recommend the following ob/gyn doctors at ARC Seton Northwest:**

- Guy V. Blumhagen, MD (*Gynecology only*)
- Leah M. Mello, MD
- Renu Chalasani, MD
- Sharon A. Vaz, MD, MPH
- Cynthia Chaparro-Krueger, DO

For your convenience, you can schedule your next ob/gyn appointment in the following ways:

- Schedule directly at **MyChartARC.com**, if you have an ARC MyChart account.
- Book an annual exam online at **ARCappointments.com**.
- Call ARC Seton Northwest at **512-338-8181**, anytime **24/7** and press "1" to speak to a scheduler.

If you would like any additional help choosing a new doctor, please call our referral line at **512-ARC-INFO (512-272-4636)**. You can also read about all of our doctors at **AustinRegionalClinic.com/find-a-doctor**.

I am truly grateful to you for entrusting me with your health and allowing me to be your doctor.

Sincerely,

Sharyl R. Brasher-Giles, MD
