

February 26, 2024

Dear Patient,

I hope this letter finds you in good health. After 37 years at Austin Regional Clinic (ARC) and with much thought and consideration, Rodolfo Uriegas, MD decided to retire from ARC and his practice of family medicine. In 2017, Dr. Uriegas transitioned his practice from full time to “as needed” and saw patients in our after hours clinics and virtual telemedicine platform intermittently.

While we are sad to be losing him as a physician after so many years of dedicated patient care, we are happy for him as he starts this new chapter of his life. **Dr. Uriegas’ last day with ARC was Wednesday, February 21, 2024.**

According to our records, Dr. Uriegas saw you for a same-day/urgent care visit sometime in the last two years. Per Texas Medical Board rules, we are required to inform you of his departure from ARC.

It is very important to us that you maintain continuous health care and we want to assure you that his departure will not impact your regular care at ARC. ARC’s electronic medical record system allows your medical records to be accessible from any ARC location and ensures that all doctors’ notes and all your ARC medical records will be available for your continued care.

We thank you for entrusting us with your health.

Sincerely,

Manish M. Naik, MD
ARC Chief Medical Officer, Chief Medical Information Officer
